

2012 Bulletin 19

More Policies Covered By the Treaty

8/17/12

Many years ago, the Florida Land Title Association helped coordinate an agreement among most of the title insurers doing business in Florida. This agreement has been updated by the FLTA Forms Committee several times over the years to reflect changes in the law or in commercial practices. In November of 2011, the current version -- the 3rd Revised Mutual Indemnification Agreement (the "Treaty") -- was adopted.

Policies issued by the following new covered insurers have recently been added to the Treaty:

- Premier Land Title Insurance Company
- Commerce Title Insurance Company
- Censtar Title Insurance Company
- First American Title Insurance Company of Texas; and
- United General Title Insurance Company

If your office hasn't been making use of this powerful resource for dealing with title defects, we urge you to learn more at <http://www.flta.org/treaty> and see the complete list of title insurers covered by the "Treaty."

Every title agency and law firm writing title insurance benefits by the hard work of the FLTA forms committee to make the Treaty such a strong and viable resource (and a lot of other things that FLTA is doing to protect the industry). If you are not already an FLTA member, [join us!](#) There are a lot of clouds on our horizons, and we need your voice and active participation to keep the title industry strong and viable going forward.

Are You Getting the Most out of your FLTA Membership?

"For Credit" Webinars!

This week, FLTA offered its first "For Credit" Webinar as a "Free" benefit to FLTA members. Our plan is to provide future "For Credit" Webinars approximately every other month. We invite all FLTA members and their employees to take advantage of this member benefit.

Just One of the Many Benefits of Being a Proud FLTA Member
